To Whom It May Concern,

I had never met Ron Price and was not acquainted with his presentations. I have to give it to Ron; he entered an unfamiliar environment and won the packed room of Church Elders. Ron mixed facts, statistics, personal experience, and lots of humor to teach and share excellent learning material. He is approachable, kind, and interested in the growth of others. I would recommend him for training events for church members, church officers, pastors and teachers, and administrators. You will be pleased with what he has to share and how he presents.

Sincerely,

A handwritten signature in cursive script that reads "Victor Maddox".
